EUROPEAN FINANCIAL MANAGEMENT

European Financial Management was founded in 1994 by Dr John Doukas to encourage research and to disseminate knowledge about decision making in all areas of finance. *European Financial Management* publishes applied research of the highest quality from around the world, providing a forum for both executives and academics concerned with the financial management of European corporations and financial institutions. The journal highlights key trends in Europe in a clear and accessible way, with articles covering international research and practice that have direct bearing on Europe.
