## Emerald Accounting and Finance Collection

A subscription to Emerald's online Accounting and Finance Collection is specifically tailored to ensure that you succeed in today's ever-changing business world

### What can Emerald's Accounting and Finance Collection do for me?

From shifting legislation and tax laws to new fraud threats and IT developments, the business world is constantly changing.

By meeting the need for factual and timely information you can help your employees anticipate, adjust and rise to the modern challenges they face. This can have a dramatic and stimulating effect at every level, from renewed enthusiasm to an improved bottom line.

Emerald's Accounting and Finance Collection combines the rigour of academic research and the relevance of practice-oriented focus. This collection of journals provides access to the latest research into areas such as social and environmental reporting, risk finance, money laundering and financial crime, auditing and accounting ethics.

### Not just information – but the right information

At Emerald we know that being able to access the right information, just when you need it, is paramount. Our articles are organized to provide you with all the relevant information you need in one place. This is available online through our simple search facility which any number of your colleagues can use at the same time.

### Why use Emerald?

Emerald's range of products has been tailored to the specific demands of business and public sector managers:

- Provides the most relevant and extensive online collection available
- Save vital research time with information on your specialist subjects all in one place
- Online access entitles you and your colleagues to simultaneous access.

## In addition to the 18 online accounting and finance titles your subscription also includes the following resources:

### Emerald Learning Zone

Useful resources for those studying MBAs, degrees, executive part-time courses and business-related subjects.

This zone includes: *Literature Review Collection* – more than 700 literature reviews, a fully searchable, dynamic and ever-growing collection; *Management Thinking* – distilled summaries of the latest management articles plus interviews with those who shape business today; *Management Skills* – handy introductions for students or essential skills for developing managers covering communication, problem solving, leadership, time management, creativity and team building.

### Emerald Research Zone

Emerald Management Xtra research resources advise how to keep up to date with the latest research and developments in the management area.

This zone includes: "how to..." guides for advice on how to undertake different kinds of research; Research funding information; Conference Central – the most comprehensive collection of links to international management conferences.
