Sep 30th - Oct 1st, 2016, Toronto

The accounting and finance areas of the Rotman School of Management at the University of Toronto invite authors to submit theoretical and empirical papers in all areas of finance and accounting for the 27th Annual Conference on Financial Economics and Accounting (CFEA).

**ABOUT CFEA:** CFEA is an annual conference hosted by members of a consortium of nine universities: Georgia State University, Indiana University, New York University, Rutgers University, Temple University, Tulane University, University of Maryland, University of Texas at Austin and University of Toronto. It is a highly selective and refereed conference of research papers in financial economics and accounting. The conference aims at bringing together financial economists and accounting scholars to share their research relevant to theory and practice of business.

This year, in addition to the usual tracks within finance and accounting, we plan to introduce joint sessions where the papers will be at the interface of both finance and accounting.

**PAPER SUBMISSION PROCEDURE:** We are using the services of SSRN for the conference submission process. The website for conference submission for the 2016 CFEA Conference is: <http://hq.ssrn.com/conference=27th-CFEA-2016>
