
FINANCE AND BUSINESS ANALYTICS CONFERENCE 2023

Join us in Greece on 7th–9th June 2023 for the Finance and Business Analytics Conference and experience three days of learning and networking. Adam Smith Business School of the University of Glasgow and Bayes Business School (formerly Cass) of City, University of London will be hosting their first joint conference in Finance and Business Analytics in the island of Lefkada, Greece, in cooperation with the Department of Regional Development of the Ionian University.

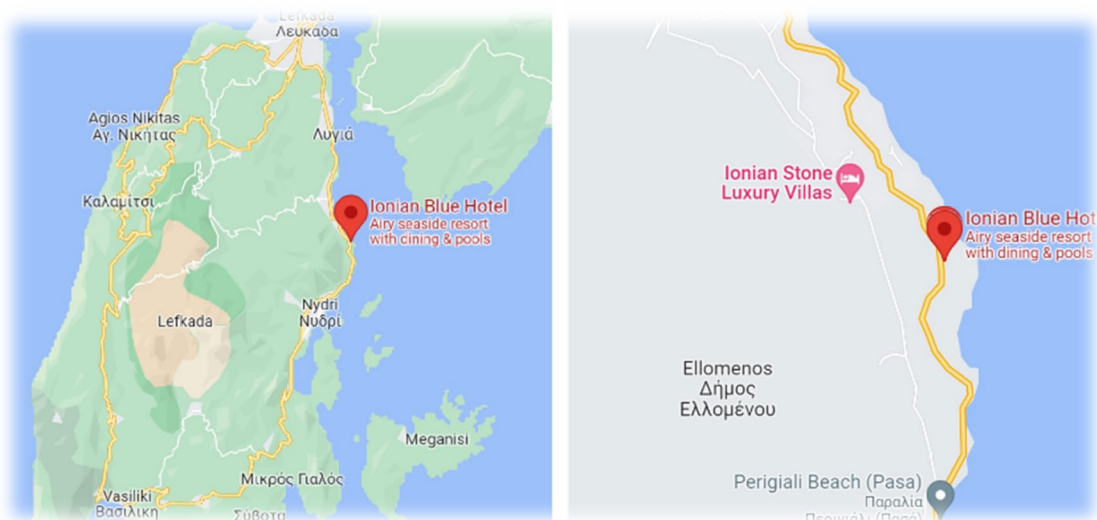

We cordially invite esteemed academics, researchers, and professionals all over the world to submit innovative contributions in all areas of quantitative finance and business analytics.

Areas of interest

- Artificial Intelligence
- Machine Learning in Finance
- Business Analytics
- Operations Research in Finance and Risk
- Econometrics and Financial Mathematics
- Modelling and Classification with Big Data
- Digital Technologies for Businesses
- Fintech, Insurtech and Regtech
- Decision and Risk Analysis
- Financial Risk Management
- Sustainable Investments
- Climate Risk: Modelling and Assessment
- Asset Management
- Asset Price Modelling
- Derivatives and Debt Instruments

Dates and venue

7th–9th June 2023, [Ionian Blue Hotel](#), Nikiana, 31100 Lefkada, Greece.

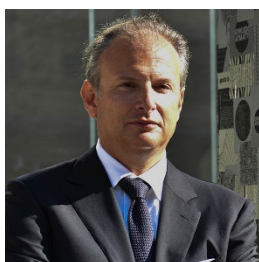

Conference participants can benefit from a reduced daily rate of €140 (plus €4 of accommodation tax) for a double room including breakfast for the duration of the conference. Please directly contact the reception desk of Ionian Blue Hotel at info@ionianblue.gr to provide all necessary information for your booking. The nearest airport is Aktion (<https://www.pvk-airport.gr/el>), 31 km from Ionian Blue Hotel. The island is connected by bridge to mainland Greece and is accessible from all major cities via public transport.

Keynote speakers

[Professor Emanuele Borgonovo](#)

Department of Decision Sciences, Bocconi University

Emanuele Borgonovo is Full Professor at the Department of Decision Sciences of Bocconi University and Director of the Bachelor in Economics Management and Computer Science. He was Director of the ELEUSI Research Centre of Bocconi in 2008-12. In the period 2020-22 he was the President of the INFORMS Decision Analysis Society. He is co-Chair of the Technical Committee on Uncertainty Analysis of the European Safety and Reliability Association since 2014. Professor Dimitris Petmezas

Durham University Business School.

Professor Dimitris Petmezas is Chair in Finance in his second tenure at Durham University Business School, having previously held full-time positions at Surrey Business School as well as being a visiting scholar at the University of Chicago Booth School of Business and the NYU Stern School of Business. He studied a BA in Economics at Aristotle University and MSc in Finance and Investment as well as PhD in Finance at Durham University. He was the designer and founding director of the MSc in Accounting and Finance and MSc in Banking and Finance of Surrey Business School. He is a visiting academic in several European Business Schools teaching in EMBA, MBA and MSc programmes.

Extended abstract submission

Please submit your extended abstract in PDF format at FBA2023@city.ac.uk.

Each abstract should contain:

- Title
- Authors and their full affiliations (presenter indicated in boldface)
- Abstract.

The deadline for extended abstract submission: **30th April 2023**.

Authors will be informed of the outcome of their submission by **15th May 2023**.

Publication opportunities

International Journal of Finance & Economics

The conference organizers, in liaison with the editors of the *International Journal of Finance and Economics*, will invite the authors of selected high-quality papers that fall within the general remit of the journal to submit their manuscripts for consideration for publication. The editors will ensure that the selected papers undergo the normal reviewing process on a fast-track basis.

Decisions in Economics and Finance

A special issue dedicated to novel applications of machine learning, econometrics, big data, quantitative risk management in asset management and investment problems will be hosted by *Decisions in Economics and Finance*. Topics such as climate risk, green finance, insurtech and multiple hypothesis testing in financial datasets are particularly welcome. This special issue will feature papers presented at the Finance and Business Analytics Conference 2023, but high-quality papers from outside the conference will also be considered.

Registration fees

Registration opened on 1st December 2022.

Register by purchasing a “Registration Ticket” at

<https://www.bayes.city.ac.uk/faculties-and-research/actuarial-science-and-insurance/education-and-events/finance-and-business-analytics>

- Early bird rate: **£350** (payable by **28th February 2023**)
- Standard rate: **£450** (payable after **28th February 2023**)
- Student rate: **£300**.

The fee includes refreshments, lunches (two days), and the conference gala dinner – further updates to follow.

Accompanying person rate: **£150** (this fee is intended for the person who wants to accompany a participant to the conference gala dinner but will not participate in the scientific programme). If this applies to you, please get in touch via FBA2023@city.ac.uk clearly stating the case in the email subject and you will receive further instructions on how to proceed.

The deadline for registration to present accepted research works is **1st May 2023**.

All participants, including presenters, are responsible for their own travel and accommodation expenses.

For a paper to be listed in the conference programme, payment from at least one author is required by 1st May 2023. Participants who withdraw before 1st May 2023 will be refunded, subject to a cancellation fee of £150. Participants who cancel after 1st May 2023 will not be entitled to a refund.
