The 14th International Conference of the [Financial Engineering and Banking Society](#) (FEBS) will be co-organized by the [Finance & Accounting Department](#) of the MBS School of Business (France), the [Department of Banking & Finance](#) of the University of Southampton (UK), and the [Department of Finance & Accounting](#) of the University of Surrey (UK).

The Guest Speakers of the conference are: [Thierry Foucault](#) (HEC Paris, France) & [Kathy Yuan](#) (London School of Economics & Political Science, UK).

The aim of the 14th International FEBS conference is to bring together academics, policymakers, and practitioners that will present their work and exchange ideas across various areas of banking and finance. The conference organizers welcome the submission of both theoretical and empirical papers. Indicative topics include, but are not limited to: Asset Pricing, Banking and other Financial Services (e.g. mutual funds, insurance, microfinance), Corporate Finance (e.g. capital structure, IPOs, M&As), Corporate Governance, Energy Finance, Financial Engineering and Quantitative Finance, Financial Markets and Market Microstructure, Financial Regulation and Supervision (e.g. microprudential, macroprudential, financial consumer protection), Financial Stability, Fintech (e.g. fintech regulations, cryptocurrency), International Finance, Islamic Finance, Machine Learning and Operational Research Methods in Banking and Finance, Monetary Policy and Central Banking, Portfolio Management, Risk Management, Sustainable Finance and Climate-Related Financial Risks.
