

## STROME COLLEGE OF BUSINESS

### **Old Dominion University, Strome College of Business PhD Program Application Announcement**

The Strome College of Business at Old Dominion University invites outstanding students to apply for the full-time PhD Program in Business with a special emphasis in International Business Finance starting September 2020. Full scholarships (approximately \$20,000 tax free for 4 years), including a tuition fee waiver, will be offered to successful candidates.

We offer an AACSB accredited Ph.D. degree with a rigorous training in any of four functional disciplines: (1) FINANCE, (2) INFORMATION TECHNOLOGY, (3) MARKETING and (4) STRATEGIC MANAGEMENT

#### **QUALIFICATIONS:**

Applicants should preferably have already earned a graduate degree in business or a related field, such as an MS in economics, finance, mathematics, operations research, psychology, or statistics. Applicants are expected to have demonstrated past success in university programs, as well as to exhibit significant potential as an academic scholar/researcher.

By requiring an interdisciplinary international business support area, we also offer the added value of a thorough understanding of International Business. As the main focus for Ph.D. graduates is to be housed in a functional discipline, we offer a Ph.D. program that provides a solid theoretical foundation, advanced methodological training, a heavy emphasis on the research process, and a separate cognate of four international functional theory courses which allow the graduate to be able to teach an international course in their own discipline while also being able to teach a general international business course at the undergraduate and graduate level. This all takes place in the beautiful Southeastern coast of Virginia, near Virginia Beach.

Our program will also give you the chance to teach undergraduate as well as graduate students in your functional area. Upon successful completion of the program, you will be an excellent candidate for a wide variety of universities. ODU, Strome College of Business graduates can look forward to a rewarding career at leading academic and policy institutions. Recent finance graduates have been placed at USA and foreign research institutions. Our PhD graduates regularly publish in highly respected academic journals.

#### **APPLICATIONS/FURTHER INFORMATION:**

We offer a limited number of paid assistantships which are awarded competitively. Our deadline for applications to our 2020 cohort is February 19, 2020 (but we will still consider applications after the deadline). For more information about our overall PhD program and the four separate concentrations, please use the following link:
