CALL FOR PAPERS

RSFE 2022 solicits submission of research papers under various topics in the field of finance and economics, such as:

Finance: Corporate Finance, Capital Structure and Dividend Policy, Emerging trends in Corporate Finance and Corporate Governance, Mergers and Acquisitions, Financial Reporting and Regulations, Behavioural Finance, Computational Finance and Financial Econometrics, Asset Pricing, Financial Markets, Derivatives Trading and Pricing, Market Microstructure and Algorithmic Trading, Banking and Risk Management, Digital Finance, Financial Tech, AI, and Machine Learning.

Economics: Microeconomics, Applied Microeconomics, Macroeconomics, International Economics, International Trade, Development Economics, Energy Economics, Econometrics, Applied Econometrics, Public Finance, Political Economy, Game Theory, Economic Growth, Environmental Economics, and Labour Economics.

The list of topics mentioned above is indicative and research papers on other topics of Finance and Economics are also welcome.

The research symposium invites original papers that address gaps in the related literature, offer new insights and evidence, and have implications for policy making. Both theoretical and empirical papers are welcome. Papers for presentation at the symposium will be selected through double blind peer review process. This symposium is also open to doctoral students who are on the verge of completing their dissertation.
